Being Selected for a School Team

Sport is a very important part of the life of the School and we are keen for all teams to do as well as possible. We are always keen to recognise achievement by players in all school teams and younger boys will always look up to the leading sports players in a school like Bedford. It is therefore important that all boys who are in picked games act as good role models at all times. Boys who fail to meet these expectations may not be selected for school teams.

Players are expected to:

- Have a good attitude to training
- Wear the correct kit while training
- Wear the proper school kit for all matches
- Make sure that their kit is clean and in good condition
- Look after any school equipment which they borrow
- Be always supportive of teammates
- Show respect to all members of other schools when playing at home and away
- Always play according to the spirit and rules or laws of the sport and show respect to all officials
- Behave sensibly on journeys to away matches
- Read all the details about fixtures on the online calendar and in team sheets
- Let their coach know if they are not going to be available for any match or practice with as much notice as possible
