Postgraduate Programme Specification

Introduction: What are programme specifications?

Programme specifications focus on single programmes of study, and outline the intended knowledge, understanding, skills and attributes of a student successfully completing that programme. A programme specification also gives details of teaching and assessment methods as well as linking the programme to the Framework for Higher Education Qualifications and any subsequent professional qualification and career path.

Since the College gained Taught Degree Awarding Powers in January 2017 it validates the programmes taught at Rose Bruford College and as part of the validation process, the College produces approved programme specifications for all the programmes that it offers. On some programmes, The University of Manchester validates the award for students who have opted to remain on a University degree.

This programme specification forms one part of a set of different types of document about your programme that also includes the prospectus, module specifications and information on the College's website and VLE. The Programme Specification is published on the College's website.

There may be concern that 'specifying' what a student will have learnt at the end of the programme might inhibit innovation within that programme. For this reason it is important not to see programme specifications as 'tick lists'. They offer broad indications of what students might be expected to learn and the types of skills and abilities they might be expected to gain.

6. Student induction, support and development

The previous experience of the subject team members teaching at postgraduate level, at both LISPA and Rose Bruford College, has informed the support systems which have been put in place to assist you and other postgraduate students through your studies.

An induction event is arranged at Eden Studios at the beginning of the academic year at which you are introduced to the teaching team and to the spaces and online to the librarian and VLE Development Manager from Rose Bruford College.

The Programme Director has overall responsibility for leading the programme and for your academic and professional development with the support of module coordinators and a Programme Administrator based at Rose Bruford College and at LISPA. You will be encouraged to discuss module-related issues with your module co-ordinator.

At the start of the academic year, you will be introduced to the VLE where you can find the course outline and appropriate module specifications and briefs. The module specifications detail the syllabus, teaching and learning arrangements, assessment requirements with clearly articulated assessment criteria, and will provide an appropriate bibliography.

Student representation from the MA programme will be sought in order to participate online in a number of appropriate committees, ranging from Programme Committees to the School Board and various other College-wide panels and committees.

The services available within the College's Student Services include general, health and financial advice, accommodation options, counselling, study abroad programmes and a range of support for disabled students.

At the programme level:

- You will receive a Student Handbook at Registration;
- Each module throughout the programme is introduced with a briefing by the module coordinator;
- Peer learning and mentoring are intrinsic to the programme's learning and teaching strategy;
- You will receive written feedback on all assessment tasks, and will be debriefed in a tutorial following the majority of practical projects, to encourage reflection on practice and to identify future learning goals.

At the College level:

- A Specialist Support and Equality Officer is available. (You are contacted at the admissions stage and invited to disclose any disabilities/medical conditions);
- Dyslexia and general welfare and study support is available;
- At key points during the programme, you will discuss your personal and professional development with a programme tutor, and plan future action;
- You will be introduced to the Learning Resources Centre online at induction, and receive both targeted and ongoing research skills and information literacy instruction and support during the remainder of your programme;
- Ongoing academic support is available through the specialist Academic Support Team, and through online support materials;

9. Criteria for Admission

9.1 Applications

An applicant wishing to join a postgraduate taught degree programme at Rose Bruford College should satisfy or expect to meet the College's general requirements for entry outlines on our Postgraduate degree regulations.

Applications for the MA Devised Theatre and Performance are made initially to LISPA who then refer selected students to the College. As part of the application process, you will be required to make a written statement outlining your interest in the subject area and the programme. In all cases, the selection panel will look for a high degree of explicit ability, of self-motivation and criticism with an informed enthusiasm capable of sustaining you within the more rigorous and challenging conditions of the MA programme.

You will normally be expected to hold a first-degree qualification (2.2 or above), hold an equivalent qualification or be able to demonstrate considerable professional or practical experience at a level commensurate with Masters' level study. The award should be in a discipline, which underpins your proposed programme of study or which can be shown to have provided appropriate practical or conceptual skills to contribute to the study.

9.2 Recognition of prior learning

The College operates a policy for recognising prior learning (RPL) which may be certificated or experiential. Requests for recognition of prior learning must be accompanied by the appropriate documentary evidence outlined in the College's policy, which is available on application.

A maximum of 60 credits, excluding the final Independent Research Project module may be certified in this way. All applications for RPL are considered by an academic panel on their own merits and are not automatic.

9.3 Selection

Selection is by application, written statement and interview and sometimes workshop, which is intended to ascertain whether the applicant will benefit from the programme and whether the demands of the programme are likely to be fulfilled by the applicant. The audition and interview panel consists of programme tutors.

9.3 Additional requirements for non-UK/EU applicants

All teaching and examination is carried out in English and consequently competence in written and spoken English is a requirement. Non-EU/UK applicants are required to hold an IELTS¹ with an overall minimum score of 6.5 with no less than 6.0 in each section.

10. Progression and Assessment Regulations

Progression

You are registered in person at Eden Studios in Berlin at the beginning of the academic year, although your formal registration will be with Rose Bruford College. This is followed by a period of induction where you are introduced to the academic community, the details of the Programme, the facilities, and its links with the industry.

Attendance is compulsory for all classes, workshops and projects. During production periods a detailed schedule is negotiated allowing time for research and reflection. You will have regular feedback sessions on all areas of the programme and you will be made aware, therefore, of your academic progress and personal development.

The MA Devised Theatre and Performance comprises four taught modules (including two double-weighted modules). Students completing the first three modules may be awarded a Postgraduate Diploma in Devised Theatre and Performance. This is an exit award only.

¹IELTS (International English Language Testing System) is now the only Secure English language Test (SELT) recognised by UK Visas and Immigration for student requiring a Tier 4 visa.

Assessment Schedule

Assessment takes place at the completion of each module. Once your work is marked, you are advised through tutorials with the Module Coordinator and/or Programme Director of the *indicative* grade.
