

Ed Williams – Elite Swimming Academy

Earlier this year the children had a visit from local Channel Swimmer Ed Williams from Elite Swimming Academy to tell them about his latest swims between Ireland & Scotland and England & France. Swimming is such an important life skill so with the summer holidays fast approaching, Ed has asked if we can let you know that his swim school (Elite Swimming Academy) will be running numerous 5 day courses all over the summer holidays for our children to improve their swimming skills.

The courses are very popular with a lot of our families already so if you are keen to learn more then visit <http://www.eliteswimmingacademy.co.uk/project/childrens-intensive/> or call Elite Swimming Academy on 01223 633 699.
