

1 to 1 Lessons

One to one lessons, thirty minutes of tuition by our most experienced teachers will help to accelerate your child's learning. 100% attention and immediate feedback can produce remarkable results for any ability level.

Like all our lessons, a broad range of skills are covered while we carefully step through the strokes, adjusting the pace to the pupil.

You may also use the one to one slots to help your child through a particular skill they may be struggling to conquer: somersaulting, diving or any part of a stroke.

We also offer Adult tuition for all ages and abilities.

Tennis Camps

Our tennis camps provide intensive expert tuition within a safe and fun environment. All areas of the game can be focused on and improved; whether it is footwork, shots or match/point play.

Bookings are flexible; children can attend for one off sessions or for the whole week.

Tennis Camp format:

Morning Sessions
09:00-12:00

Instructor: Patrick

Children should wear weather appropriate clothing and footwear.

Please bring a water bottle and snack.

Please bring suitable clothing to play in showery weather, but if unplayable we will take the players inside to work on other areas of their games such as volleys, footwork and technique.
