

Year 4 Humanities

CHALLENGE CARD WEEK 2

Can you create your own model version of this settlement or your own imaginary settlement? Or can you draw your own map with symbols and a key?

Perhaps you could even play a game with it or write a saga retelling the story of how the settlement began.

Miss Gilford's photo from this week's challenge! Can you spot the:

- shelter made from natural resources?
- crops growing on flat, fertile land?
- farm animals grazing (food, milk...)?
- fire for warmth and cooking?
- fresh water for drinking, washing and cooking?
- lookout hill against enemy attack?
- hidden wild animals for hunting?

I am quite proud of this as I have limited Lego.
Give it a go with whatever you can find!

Follow this [link](#) to see the fantastic creations.
