

IAPS Swimming Results

We have received the results of the IAPS Swimming Qualifying rounds this week and the great news is that had the National Finals at the Aquatics Centre taken place two weeks ago, 10 children would have represented the school. It is a fantastic achievement to be ranked in the top 20 in the country, considering the hundreds of schools and the 4,000 or so competitors that take part across all events, in four year group categories.

Congratulations to all swimmers from St. Faith's; your hard work over the past year has certainly paid off. Below are times achieved by all our swimmers, and their ranking, if placed in the top 50 in the country. Pupils shown in red qualified for the finals.
