

Newton House Assembly

In Newton House Assembly this week we thought how we can use our 'light' to allow others to shine. The children remembered Sir Tom and the light that he has spread and also heard about how the Queen, who is always in the spotlight, allowed her protection officer to take the glory. Emma in 5N, is like the Queen and Sir Tom, enabling her light to shine so that someone else benefits. This weekend she is having her long hair cut into a shorter style so that a wig can be made from it for someone who has lost their hair due to cancer. While Emma has already raised a super sum of money for the charity, Little Princess Trust, if you would like to donate so that Emma can help someone else by using her just giving page.
