

Foundation

Welcome back! We hope you had a restful half term break. We have enjoyed hearing about the exciting things you had been up to. The children have settled back smoothly into the school routine.

This week we have been learning about Diwali. The children have listened to the story of Rama and Sita, acted the story out and made some firework pictures. We have also been telling the story of the Three Little Pigs focusing on story language.

In Maths, the children have been thinking about triangles and circles, as well as splitting numbers into smaller parts. To support this learning at home, we would like you to find three different coloured blocks and, with your child, investigate how many different towers can you make using, for example, one red block, one yellow block, and one green block. How many different towers can you build? How do you know you have found all of combinations? Please share your findings via Tapestry.

Next week, the children will be thinking about autumn and going on an autumn walk around the school. Our word of the week is 'seasonal'.
