

YEAR 6 NETBALL

U11 IAPS REPORT

On Friday 8th March, the U11A travelled to Ipswich School Sports Centre to play in the U11 IAPS, having been rearranged from the week before.

The girls played some good netball on the day and did themselves proud, showing resilience on court. This team across the season have adapted to the BEE netball five a side rules very well and always give their best efforts in whatever position they are playing in the rotation.

In the group stages they finished 4th in their group of 7 schools and went through to the cup quarters finals. They won three of these games and had some other close games only losing by one goal! In the quarter finals they lost to a strong St Pirans team, who ended up winning the whole tournament, and were knocked out.

Thank you to Mr Welch and Mrs Critchley for taking them to the tournament.
